

## ASELSAN to be at SAHA EXPO 2024 with product launches

Ankara, 18 October 2024 – ASELSAN will showcase its game-changing technologies in a wide spectrum with over 150 products and systems at SAHA EXPO in İstanbul from 22 to 26 October. The company will also introduce new products at three launching ceremonies and sign several strategic cooperation agreements on the sideline of the event.

ASELSAN, Türkiye's leading defense company, will showcase its engineering expertise through a comprehensive array of its cutting-edge systems covering all military domains from depths of the sea to the space. The number and the diversity of the displayed products will underline the importance ASELSAN attaches to SAHA EXPO. Visitors of SAHA EXPO will have the opportunity to explore ASELSAN products in different fields including electronic warfare, radar, avionics, electro-optics, guided munitions, communication, public security, satellite and space technologies, integrated air defense systems, modernization solutions for land vehicles and UAV payloads.

ASELSAN will launch its new anti-drone systems, electronic warfare pods and network-centric military communication systems during SAHA EXPO. As part of the its new anti-drone systems, ASELSAN will unveil **KORKUT 25** mm remote-controlled weapon system and unmanned turret, **BUKALEMUN** GNSS spoofing system, and **KANGAL-FPV** jamming system. In the realm of Electronic Warfare, ASELSAN will introduce three different versions of **ANTIDOT 2-U**, including low, medium, and high-band configurations. These new pod systems will advance ASELSAN's electronic warfare capabilities, enabling it to achieve superiority in modern combat environments. In addition, ASELSAN's expertise in military communication will be highlighted with launches of Ka Band Airborne Satellite Communication Terminal **AcroSAT Ka45-A**, National Tactical Data Link (T-Link) terminals, and **ARTCom 6993-A** mini airborne radio.

ASELSAN President & CEO Ahmet Akyol commented on the company's participation to SAHA EXPO: *"As ASELSAN, we are excited to be one of the major exhibitors and contributors of SAHA EXPO, Türkiye's leading international defense & aerospace exhibition. We will proudly display over 150 products in all domains, introduce new ones, and establish new collaborations with our national and international partners. I believe this strategic exhibition will present a significant opportunity for us to introduce our latest innovations to a distinctive audience, forge new partnerships, and reinforce our existing relationships with the industry."*
