Oğulbey Mah. 3051. Sok. No:3 06830 Gölbaşı/Ankara**

The audit carried out to confirm that your company's quality assurance system complies with AQAP-2310 requirements has been completed.

It is certified that your company's quality assurance system explained in Quality Manual REEK-SY-01 Rev.M dated on September 2024 and complies with AQAP-2310 requirements for production mentioned below.

“Design, development, production, test, integration, installation, sales, in service maintenance and support of advanced technology systems, payloads, subsystems, electronic and mechanical units, software products and microelectronic components for military and civil applications for radar, electronic warfare and intelligence systems, electronic warfare self protection systems and stealth technologies integrated into land, sea, air and space platforms.”

This certificate is valid until 03 October 2027 by 17.00 o'clock.

Ministry of National Defence of the Republic of Turkey Quality Assurance Authority will continuously monitor and audit effectiveness and application of the quality assurance system.

This certificate may be subject to cancellation if changes and renewals to be made in the system defined in Quality manual presented to the Ministry of National Defence are not submitted to and approved by Ministry of National Defence previously or in the case that results of reviews are negative.
