The audit carried out to confirm that your company's quality assurance system complies with AQAP-2310 requirements has been completed.

It is certified that your company's quality assurance system explained in Quality Manual SEK-SY-01 Rev.J dated on March 2021 and complies with AQAP-2310 requirements for production mentioned below.

"Design, Development, Production and Support of Command Control Systems, Air Defense Systems, Fire Support Automation Systems, Fire Control Systems, Weapon Systems, Reconnaissance and Surveillance Systems, Military Computers, Naval Combat Systems, Naval Combat Management Systems, Underwater Acoustic Systems, SONAR Systems and Video Surveillance and Management Systems."

This certificate is valid until 29 July 2024 by 17.00 o'clock.

Ministry of National Defence of the Republic of Turkey Quality Assurance Authority will continuously monitor and audit effectiveness and application of the quality assurance system.

This certificate may be subject to cancellation if changes and renewals to be made in the system defined in Quality manual presented to the Ministry of National Defence are not submitted to and approved by Ministry of National Defence previously or in the case that results of reviews are negative.
